RoHS 3 AND REACH CERTIFICATE OF COMPLIANCE

RoHS 3 Statement:

It is hereby stated and certified that Riverhawk Company complies with the Restrictions on Hazardous Substances, RoHS 3 Directive (2015/863/EU) of the European Parliament on the restriction of the use of certain hazardous substances

All Free Flex® Pivot Bearings Produced by Riverhawk Company conform to European Commission Directive 2015/863/EU and do not contain more than the Maximum Limit as listed in the directive.

Riverhawk Company does not use any of the Restricted Substances specified by the RoHS Directives as components in Free Flex® Pivots, nor are these substances employed during any manufacturing process.

Reach Statement:

It is hereby stated and certified that Riverhawk Company complies with the Registration Evaluation Authorization and Restriction of Chemicals (REACH) Directives to the extent stated herein:

Under the definition of the REACH regulations EC1907/2006, Riverhawk Company is a producer of “articles” and as such is not obligated to register or pre-register.

Based on the material content certifications provided by our suppliers, Riverhawk Company confirmed that our Free Flex® Pivots do not contain any of the Substances of Very High Concern (SVHC) as listed in the REACH document titled “Candidate List of Substances of Very High Concern for Authorization” dated July 16, 2019 in concentration >0.1% weight.

Signed: _____
